Dear FRTA Applicant,

Persons with disabilities may be considered eligible to use FRTA ADA service if they meet the following criteria:

- ❖ If the person's disability prevents him/her from getting to and from a station/stop at the point of origin or destination.
- ❖ If the person's disability prevents him/her from boarding, utilizing or disembarking from the vehicle at the station/stop, even with the assistance of a lift-equipped bus.
- ❖ If the person's disability prevents him or her from recognizing the pick-up point or the destination point once the person is on the vehicle.
- ❖ If the person's disability would not allow the person to negotiate transfers or connections if any should exist, on the desired fixed-route path of travel.

Architectural or environmental barriers not under the control of the FRTA (e.g. distance, terrain, lack of curb cuts, weather) standing alone, do not form a basis for eligibility. The interaction of such barriers with an individual's specific impairment-related condition may form a basis for eligibility, if the effect is to prevent the individual from traveling to a boarding location or from a disembarking location

A determination of your eligibility will be made by the FRTA within 21 days of receipt of the completed application. The FRTA will notify you in writing of the decision about your eligibility for ADA paratransit service. If it is determined that you are able to use the fixed route system and are not eligible for paratransit service, the FRTA will explain the reason for this determination. An opportunity to appeal a FRTA decision will be available. The appeal process will be described in detail in the denial letter.

If your application is approved, you will be given information on how to use the appropriate service(s) and will need to stop by our offices so that an ADA photo ID card can be issued. If you are considered temporarily disabled by the FRTA then you will be granted TEMPORARY eligibility, which may be renewed (if necessary depending on your medical situation). Your eligibility may be reassessed periodically by our office.

Assessing Your Eligibility for Services

If you are applying for ADA Paratransit, please complete the ADA Paratransit Application that is attached. **Remember, in order to be eligible for this service, you must reside within $\frac{3}{4}$ of a mile of our fixed route corridor and the time of your trip must fall within the hours of the closest FRTA bus route. If you do not reside within the $\frac{3}{4}$ radius, than you must have a means of getting within our service area before transportation is provided.**

Please complete your application as thoroughly as possible. The questions will assist us in determining the specific limitations you have in using our service.

It will be necessary for a licensed medical professional (not a relative or friend) that sees you on a professional basis to complete the Medical verification portion of your application. This person may be a registered nurse, social worker, physician, physical therapist, psychologist, occupational therapist, chiropractor, speech pathologist, physician's assistant, nurse practitioner, or mental health counselor employed by a medical facility. Contact our office if assistance is needed in completing your application. Incomplete applications will be returned and not considered until all information (including the medical verification portion) is received. **Faxed copies will not be accepted.**

All applications and certifications will be kept strictly confidential and will not be released. We do reserve the right to verify the information reported on the application by contacting persons noted on the form.

Please return your completed application to:

Franklin Regional Transit Authority
12 Olive St.
Greenfield, MA 01301
Telephone: (413) 774-2262

Persons wishing to communicate with a TTY with the FRTA should call our main number at (413) 774-2262. Please allow time to set up our machine.

All information relative to the FRTA ADA paratransit program is available (by request) in alternative forms such as Braille, cassette tape and large print formats.

ADA PARATRANSIT APPLICATION

This application will be used solely to determine ADA eligibility for Franklin Regional Transit Authority. Transportation is primarily curb-to-curb, however, if needed; arrangements may be made for door-to-door service. Please complete this application to the best of your ability. The FRTA's ADA paratransit services are for disabled individuals who are available within ¼ mile of our fixed route corridor and cannot navigate or access our fixed route service due to their disability. Transportation is provided from your point of origin to your destination point and is available ***only when our regular fixed route buses operate (please refer to the attached fixed route schedule for our service area and route times).*** ***The fact that accessing the fixed route is difficult, inconvenient or does not travel near or to your home or point of destination is not sufficient grounds for eligibility.*** ADA service is available on a "next day basis" and costs twice the fare amount of our regular fixed route service.

All questions must be answered for the application to be considered complete. Please print or type.
